Europe's top 10 in Non-life insurance

Achmea ranks among the top 20 of Europe's largest insurance companies based on written premiums and holds a top 10 position as one of the continent's largest Non-life insurers. Further, we are Europe's third largest mutual insurer. Our international strategy is in line with our domestic, as we primarily focus on Non-Life and Health insurance, as well as Income protection related products.

Distribution via all channels

We operate a multi-channel distribution strategy. Our insurance products find their way to customers over the internet, mobile, through bancassurance and our broker channel. Depending on the channel, our customers can choose from multiple leading brands.

Strong heritage as a mutual

Worldwide, around 13 million customers have chosen Achmea as their insurer. They are being served by 14,500 FTE's in the Netherlands and 2,500 abroad. Further, we invest in strong and sustainable relationships with public and business partners as well as capital providers.

Strong financial position

Our 214% group solvency and €10 billion in equity, combined with a prudent investment portfolio, reflect Achmea's strong financial position. Our healthy financial foundation and positive outlook is confirmed by S&P's A-credit rating. Long term continuity and staying committed to our customers are at the core of everything we do.
